## *The Improving Financial Awareness & Financial Literacy Movement in Ghana* Executive Summary / Overview

Ghana has a population of approximately 34 million with a workforce of about 15 million, (44%), with a stated unemployment rate of 3%. This leaves nearly 8 million Ghanaians (23% of our population) so poor they cannot afford three meals a day for themselves and their family; in rural areas it is higher. Many are struggling to survive less than 1.90 USD per day. (International Poverty Line) <sup>(1)</sup>. We are also experiencing increases in debt.

We are not taught at home or school about planning for our future and why it's important to have current financial, estate and gift plans to protect ourselves and our families. We have a collection of serious problems resulting in high poverty. Moreover, a lack of financial awareness results in a **serious financial illiteracy epidemic**. This places a **HUGE** growing amount of pressure on families and friends, employers, and nonprofits; as well as the ultimate safety net of the government. This is not just a local epidemic it's an international one.

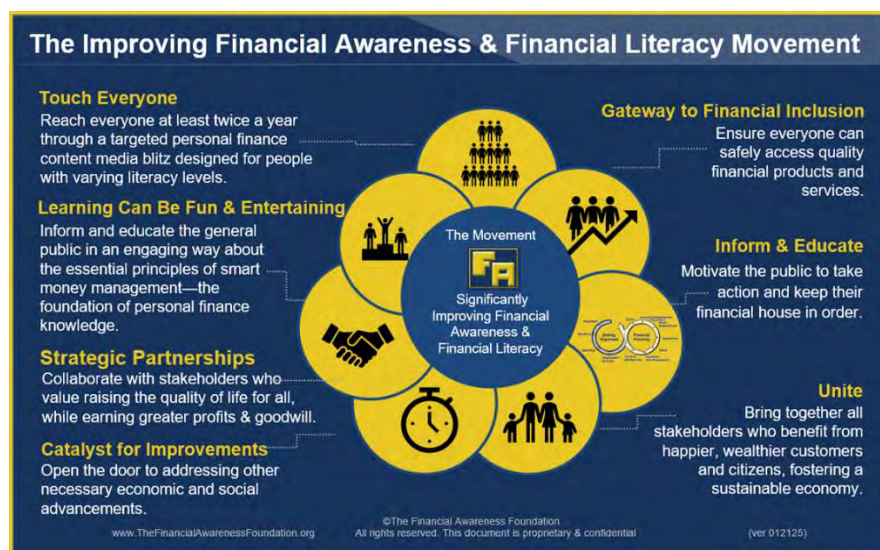

Earning and building personal wealth and managing personal finances today are more complicated and more important than ever. We're living longer and need to earn more, save more, and invest more wisely to build financial resources to care for ourselves and families. Many of us are insecure with our work and the future of our homes. We see our money being drained by the high cost of food and water, healthcare, housing, education, and taxes while dealing with the uncertainty of investments in our local and global economy. We worry about the future, or unfortunately in many cases, simply try not to think about it.

Most people are not taught the essential principles of smart money management – the foundation of personal finance knowledge - at home or in school. Thus, they don't have the proper tools to address everyday money decisions in an informed manner. This jeopardizes their financial and physical wellness, and their ability to realistically achieve and maintain their personal and family financial dreams, let alone enjoy a financially secure debt-free future.

### One Powerful Solution

Would it be great if there is a real solution to this lack of financial awareness and financial illiteracy epidemic?

We **strongly** believe there is, and it revolves around better educating the general public – rich to poor, educators, financial service and nonprofit professionals on the essential principles of smart money management – the foundation to personal finance knowledge - while motivating them to get and keep their financial, estate and gift plans in order. People need access to better personal financial management tools and information, to communicate and work more effectively with their financial advisors and financial product providers, and to make better informed everyday money decisions.

## **We believe having better financial knowledge changes your world and the world around you... FOREVER**

Countries and their communities are not financial service institutions and do not generally provide personal financial advice. However, countries and communities can serve as advocates for their citizens, workers, and politicians (The Community), and thus can encourage them to learn about the essential principles of money so they can make better every day informed money decisions. Also, they can encourage the members of The Community to get and keep their financial, estate and gift plans current as part of their personal growth and preparation for life and all its challenges, and end inherited poverty.

Governments and their local communities are in a strategic leadership position to materially improve the quality of life of their citizens. This happens through governance, social welfare programs, laws and taxes, defense and protection, advanced healthcare, educational initiatives, and a new powerful lifelong learning connection to the people who make up The Community.

Forming and participating in ***The Improving Financial Awareness & Financial Literacy Movement in Ghana*** will benefit 'The Entire Community in Ghana' by having happier and financially successful constituents, creating jobs and helping to build a robust economy, while reducing poverty, crime, and the strain on social welfare services, all while eradicating the financial illiteracy epidemic.

## **Significantly improving financial awareness & financial literacy can have a major positive impact on:**

- **Healthcare** - Advancements in healthcare and technology are helping us to live longer, healthier, and higher quality lives. Improving financial awareness and financial literacy will help us earn more, and attract needed money for a high-quality education to take advantage of these healthcare advancements while reducing stress, a major cause of health problems.
- **Education** - Improving financial awareness and financial literacy will help us increase our quality of life, and attract the needed financial resources to advance our education system so that every man, woman, and child has the fundamental life skills, knowledge, and opportunity to live successful, happy and productive lives.
- **Agriculture & Food Supply** - The important agricultural sector is underdeveloped and largely inefficient, employing 40% of the workforce while contributing less than 16% to the national GDP. In many parts of the world under 10% of the agricultural workforce feeds the entire population and has a surplus for exports. Improving financial awareness and financial literacy will help to better manage natural resources, better feed, and provide for the growing population while creating higher-paying jobs for farmers to better grow a sustainable economy. <sup>(2)</sup>
- **Economic Empowerment & Jobs** - Key drivers of our economy revolves around every man, woman, and child having their basic need covered with encouragement, education, and support to enhance all to live successful, happy, and productive lives. We give particular emphasis on significantly improving financial awareness and financial literacy as this empowers all people to make better informed everyday money decisions. This helps all Ghanaians to obtain great jobs, borrow responsibly, and build a better life for themselves and their families. This also encourages families, youth, women, and men in Ghana to explore and initiate innovative businesses and micro-enterprises.
- **Peace & Reduced Violence** - Lasting peace and reduced violence will only exist when THE PEOPLE of Ghana are properly nourished, healthy, have reasonable levels of debt when warranted, and have the knowledge and life skills that provide them the opportunity to live happy productive lives, raise their families in safety - and don't run out of their personal wealth and become a burden, before they pass-on – die.

## Our Mission

The mission of The Improving Financial Awareness & Financial Literacy Movement in Ghana is to significantly help solve a major social problem dealing with a lack of financial awareness along with the financial illiteracy epidemic, end hunger and inherited poverty for all, while it serves as a catalyst for many needed improvements and sustainability.

Teaching financial awareness, financial literacy and sharing the essential principles of smart money – the foundation to personal finance knowledge – are very important life skills that empower people to:

- Manage finances effectively, make wiser informed money decisions, & maintain a written financial plan.
- Live a quality life without outliving their wealth
- Watch personal / family dreams become a reality
- Enjoy a financially secure debt free future
- Work efficiently with financial professionals & product providers to get the best results from their time & money
- Pass on their values, knowledge & assets to future generations to make their lives & this world a better place, ending inherited poverty
- Have the highest probability to reach & maintain family dreams while living out a financially successful life.

## Vision

We envision a world where every person is well educated and has personal finance knowledge, access to the right financial advice and the skills and tools to manage their finances. Providing everyone the opportunity to achieve and maintain their financial stability, security, and freedom throughout their lives, while they pass on their values, knowledge and assets to future generations to make their lives and this world a better place.

## Core Values

- **Public Service** – Serve as a nonpolitical “financial awareness advocate” to the general public providing them with the essential principles of smart personal financial management – the foundation of personal finance knowledge - so they can make better every day financial decisions throughout their lives.
- **Knowledge** – Encourage and support financial education and other key life skills to improve financial awareness & financial literacy.
- **Problem Solving** – Inspire & encourage problem-solving, making things better for oneself, family & loved ones, community, our world.
- **Creativity** – Stimulate creative thought & innovation amongst all ages, gender, & economic status.

cost-effectively implement and update their financial, estate and gift plans.

- **Inform & Educate** financial service professionals, financial product providers, & their organizations to better serve their clients, *The People*, and potential philanthropists.
- **Unite all parties** interested in Improving Financial Awareness & Financial Literacy & encourage them to participate in The Movement.

## The Strategy & Plan

1. Taking an active role to recognize 'thought leaders' and stakeholders that are and should be championing improving financial awareness and financial literacy.
2. Unite them with other associations, organizations, nonprofits, educational institutions, municipalities, employers and the news media to actively focus their vast community resources into The Improving Financial Awareness & Financial Literacy Movement with its **concentrated personal finance content media blitz** every six months built around two strategic campaign venues.
  - These are nationally, regionally and locally recognized months with government, corporate, nonprofits and academic leadership providing proclamations celebrating
    - ✓ **April known as Financial Literacy Month in Ghana**, and six months later
    - ✓ **October known as Estate & Gift Planning Awareness Month in Ghana**
3. Touch everyone - the general public, every woman, man and child, rich or poor - at least twice a year through these strategic venues, with educational and motivating materials and reminders to get and keep their financial house in order with a current financial, estate, and gift plans. Thus empowering 'The People' to make informed lifelong financial decisions.
4. Garner support from government, central banks, financial service organizations, corporations, academia, social services, and the media to actively participate in the movement.
5. Mobilize leading organizations and influencers, including government entities, financial service associations, employers, nonprofits, educational institutions, philanthropists, media outlets, and financial professionals, to serve as communication channels and advocates for improving financial awareness and financial literacy.
6. We understand that this is a massive undertaking; however, it can be accomplished in a relative short period of time through these leading organizations.

Together these organizations and their leaders represents a direct communication channel to all Ghanaians. Further, they have a vested interest in helping to raise the quality of life for all Ghanaians, as it will also improve their businesses, and allow them to do their jobs more effectively.

7. Establish **The International Improving Financial Awareness & Financial Literacy Research Center(s)** at prominent universities to serve as a 'Think Tank' and an 'improving financial awareness and financial literacy advocate' for all students, faculty and staff, alumni and all The People of the country, financial service and nonprofit professionals and their organizations, educational institutions, municipalities, employers and the news media. **The FA Research Center** will:

- **Take a leadership role in The Improving Financial Awareness & Financial Literacy Movement.** Start by adding a website/webpages and social media platforms to share info about The Movement & Educational Materials.
- **Establish The International Improving Financial Awareness & Financial Literacy Student Club / Association.** (The FA Association) This can be available to all students interested in accounting, legal and the other financial service professions, and the nonprofit sector. This can work quite well for integrating scholarships, study grants, mentoring, internships, apprentices and related programs. It can also be open to faculty and staff and alumni, family and friends as part of a lifelong learning program.

Help us establish and grow – The International Improving Financial Awareness & Financial Literacy Research Center within Ghana Universities with your assistance, support and participation.

- **Actively Assist** in developing and delivering a Financial Awareness & Financial Literacy Curriculum Program for all university students at their university. This would also be available for all faculty and staff, alumni and family & friends at no cost.
- **Initiate Professional Certification & Training Programs** for financial service professionals.
- **Work with Community-based Organizations** to incorporate financial literacy-based content into existing programs and contests. This can also incorporate mentorships, internships, apprentices, and scholarships.
- **Perform Ongoing Longitudinal Technical Research** to monitor **The Movement** and its advancements, make improvements where necessary, and provide political leadership with valuable economic insights. Improving Financial Awareness & Financial Literacy is not a get rich quick process; it's a lifelong skillset. To measure what's working and what's not requires longitudinal studies. This research can provide critical feedback on many financial and economic matters as a service to political and business leaders. We are working on a **Quality of Life Family Index for Ghana** that will be a powerful indicator.
- **Share Their Work** with other campuses in the country and around the world creating a network of **The International Improving Financial Awareness & Financial Literacy Research Centers** and connecting them together, along with Town-Hall meetings with the news media and communities.
- **Establish Incubators / Accelerators** to create, help launch and successfully grow the new and existing businesses while creating needed jobs and building wealth for the founders, the university and the economy.
- **Attract Funds for The Research Center and the University and other worthy causes** from work products, satisfied recipients of our work, gifts from those benefiting from improving their financial awareness & financial literacy, grants, and philanthropists, that see the importance of our work.
- **Develop a Network of Ambassadors, Strategic Partners, volunteers, and supporters** that support **The Movement** and efforts at the University. These can be modeled/localized and advanced as appropriate.

✓ <https://home.thefinancialawarenessfoundation.org/pdf/TFAF-JoinTheMovement-WW.pdf>

**Plans are to link these University Research Centers together** nationally / internationally as a **Master Brain Trust** to jointly help solve the global lack of financial awareness & financial illiteracy epidemic, and so much more.

## How The Improving Financial Awareness & Financial Literacy Movement in Ghana Began

In March 2018, Peter Kwadwo Asare Nyarko, a Financial Literacy Advocate & Educator in Ghana who is the Founding Executive Director of Center for Financial Literacy Education - CFLE Africa, reached out to The Financial Awareness Foundation (TFAF) a 501(c)(3) USA based nonprofit organization. Peter shared his vision for Ghana and Africa, where every single Ghanaian is financially aware and financially literate, and an Africa where people are financially empowered and educated to make their own informed personal finance decisions.

Further Peter requested assistance in launching The Improving Financial Awareness & Financial Literacy Movement in Ghana, modeled after what TFAF had accomplished in the USA, and was working on in three East African Countries. Peter's powerful vision was in line with the overarching mission of The Financial Awareness Foundation (USA) to significantly improve financial awareness and financial literacy across the world. Peter was soon appointed the Lead TFAF Ambassador in Ghana. We started the operation of "The Improving Financial Awareness and Financial Literacy Movement in Ghana" in January, 2019.

To help address the lack of financial awareness and the financial illiteracy epidemic, Peter and his NGO's Executive Team of Barbara Aboagye and Philip Oduro Annor, and Board of Advisors lead by Daniel Ofori-Dankwa and Frank PaaKumi began assembling a team of dedicated concerned Ghana strategic partners and key stakeholders. They began taking an active leadership role to recognize other organizations and their management, and individuals that are interested in improving financial awareness and financial literacy.

Dr. Benjamin Amoah who had recently co-authored a research paper noting the critical importance of improving financial literacy was soon identified and became a TFAF Ambassador and joined the core team. The team have continued identifying and uniting these thought leaders with other associations, organizations, nonprofits, educational institutions, municipalities, employers, the news media and concerned individuals to actively focus their vast community resource into The Improving Financial Awareness & Financial Literacy Movement in Ghana.
