We have a VERY BIG PROBLEM

- **People are making critical financial decisions** based on marketing materials and miss information.
- **The vast majority of adults do not understand the importance of financial management**.
- **The majority of people reaching age 70 are nearly out of money,** yet our life expectancy is increasing**.**
- **Excessive debt** is destroying individuals and families.
- This creates a **HUGE** survival challenge for many, with no safety net in place.
- This **lack of financial knowledge** if allowed to continue, without forward planning will result in trillions of dollars wasted.

There is a Realistic Solution

"You can never change things by fighting the existing reality. To change something, build a new model that makes the existing model obsolete."
—BUCKMINSTER FULLER, AMERICAN FUTURIST

The solution revolves around better education for everyone. This includes learning the secretes and essential principles to smart money so you can live the life you want.

Be a part of the solution and not part of the problem; get & keep your financial house in order and actively participate and support **The Improving Financial Awareness & Financial Literacy Movement.**
