

The Improving Financial Awareness & Financial Literacy Movement – Worldwide

The Movement began in the USA over a decade ago, celebrating a semi-annual personal finance content media blitz built around two strategic campaign venues, **April as Financial Literacy Month** and **October as Estate & Gift Planning Awareness Month**. Global financial literacy initiatives are increasing; we are contacted regularly for assistance, content, and ideas from around the world. In 2018 we began **The Improving Financial Awareness & Financial Literacy Movement** in several East African Countries that will touch ~ 150 million people; modeled after our work in the US. In 2020 **The Movement** expanded into Ghana-West Africa, Brazil, and India. We now have **The Movement** developing within 4 continents over a dozen countries. We also have initiated

development activities for **The International Improving Financial Awareness and Financial Literacy Research Centers** in over a dozen Universities, domestically and internationally to take leadership roles. In 2023 we have launched **The Improving Financial Awareness & Financial Literacy Youth Movement**.
